

D30® VIPER CENTRAL

D30® VIPER CENTRAL

D30® unique patented and proprietary technologies provide both enhanced protection, versatile and flexible materials for a host of shock absorption and impact protection applications.

Delivering the most flexible and discreet protection on the market, it consistently outperforms traditional foam-based materials.

Benefiting from Airwave Technology, D30® Viper Central offers central coverage. It is extremely flexible, low profile and lightweight, whilst offering incredible protection.

The D30® Viper Central is CE certified and features:

PRODUCT FEATURES

- D30® patented technology
- Certified to exceed the performance requirements of EN1621-2:2014, Level 1, including optional cold test at -10 degrees
- For winter sports: certified as suitable for use at temperatures down to -20 degrees
- Airwave Technology for improved airflow
- Flexible ergonomic design for comfort and protection
- Thickness: 13mm
- Central back protector offering targeted coverage
- Available in three different sizes, determined by torso length (cm)
